 - Cash, check or credit card payments are accepted.
 - The program will automatically renew on the anniversary date unless a written request to cancel is received 30 days prior to the renewal.
 - Payments for additional hearing aid services are the member's responsibility.
 - It is the member's responsibility to schedule and keep all appointments offered as part of the Hearing Aid Wellness Program.

BENEFITS

Routine ear and hearing aid care consists of examining your ear canals, regular checkups and cleanings of your hearing aid microphones and receivers, and utilizing preventive maintenance to keep your hearing aid in top condition.

Audiologist Support

It's not just about the hearing aid purchase – but the expertise of hearing aid technology support, counseling with hearing tips and instruction that is a critical factor for hearing success. It's help when you need it the most!

Hearing Loss

Hearing can slowly change over time and may be associated with other chronic diseases, including diabetes and heart disease. Changes in hearing can occur at any time and is important to have a prevention plan for further hearing changes.

Hearing Aid Programming

When hearing change occurs, the hearing aids can be reprogrammed to meet an individual's changed prescription. It is important to update the hearing prescription as your hearing changes. This helps maintain speech understanding skills over time.

The **Hearing Aid Wellness Program** covers hearing care services and maintenance NOT covered by most insurance plans.

No deductibles, no authorizations, no yearly maximums, no waiting for reimbursement!
